No. 16 -- Contract with U.S. Nuclear)
Regulatory Commission)

Case No. AP-88-22

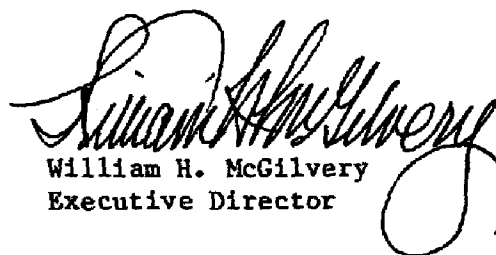

By application filed June 10, 1988, DD Enterprises, Inc., trading as Beltway Transportation Services ("Beltway"), seeks approval of its WMATC Tariff No. 16, a contract with the United States Nuclear Regulatory Commission ("NRC") for the transportation of NRC employees, other federal employees, and persons traveling on official government business. The passengers would be transported between NRC facilities in Montgomery County, Md.

The proposed transportation is authorized by Beltway's WMATC Certificate No. 25. However, Beltway has negotiated rates with NRC other than the rates contained in its currently effective WMATC tariff. Accordingly, Beltway has filed the contract for approval as its proposed WMATC Tariff No. 16. In addition, Beltway seeks approval for the tariff to become effective on less than the 30 days notice required by the Compact, Title II, Article XII, Section 5(e). Such approval requires an order of the Commission.

Upon consideration of the terms of the contract and the motion for expedited consideration, Beltway's Tariff No. 16 will be approved to become effective July 1, 1988.

IT IS SO ORDERED.

BY DIRECTION OF THE COMMISSION; COMMISSIONERS WORTHY, SCHIFTER, AND SHANNON:
